

Flange clamp Al

■ FRL 5 Flange clamp Bi-metal

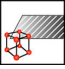

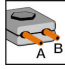

Application

For connecting aluminium and copper conductors

Material

AlMgSi/Cu body, with hexagon socket screws made of galvanised steel

Article-Nr.	E-Number									
412.027.910	156 940 190	Al	2x M8	Al25-150/C u 10-95						10

Technical Specifications: **Flange clamp Bi-metal FRL 5**

Article No.	412.027.910
Conducting material A / B	Al25-150/Cu 10-95
Material	Al
Number of screws	2x M8
Surface protection	unbehandelt
Type of connector	Parallel connector
Suitable for connection	Other
Type of fastening screws	Hexagon screw
Commercial specification	
Customs number	85389000
country of origin	CE*
Logistic specification	
VPE Weight	1.615 kg
